

## Fading Away

Zombie Girl

He's got a power over me  
I couldn't foresee  
He's got his hooks in me  
He won't let go  
Until I'm fading away  
I'm fading away  
I'm fading away  
I'm fading away

I should've known before I fucked ya  
Guys like you are rock and roll  
Headin' on a roller coaster for destruction  
Love is but a game  
And someone will pay  
By fading away  
Fading away  
Fading away  
That's right

I should've known before I fucked ya  
Guys like you are rock and roll  
Headin' on a roller coaster for destruction  
Love is but a game  
And someone will pay  
By fading away  
Fading away  
Fading away  
That's right
