

# Slaughter Is Passion

Zonaria

I beat you down and  
You scream that's pitiful  
I've seen enough  
Of your lies  
My time has come  
Prepare for the war  
Lay down your gun  
And face to the wall

You're weak and my  
strength is endless  
The perfect time  
For revenge  
I slice your flesh  
And slit your veins  
And you are  
Never seen again

The suffering is my passion  
your soul is getting weak  
I can't deny my passion  
The pleasure is mine

Suffering is my passion  
I can't deny my only passion

My rampage so wild  
So passionate  
I will be haunting  
Your soul  
And when the shies  
Fall down from above  
I'll take my place  
On the throne

The suffering is my passion  
your soul is getting weak  
I can't deny my passion  
The pleasure is mine

My pleasure is suffering
