

Heavy with Shadows

Zozobra

So how low down will you sink
Heavy with shadows

Watched you slow
Quick with your ____
Turning to swallow

Swine
I'll stab your eyes
You crossed that line

Swine
God damn those eyes
You crossed that line

But you slowed

Eating the marrow

Let you choke
Begging for breath
While you ____ tonight

Swine
I'll stab your eyes
You crossed that line

Swine
God damn those eyes
You crossed that line

Now you will burn into smoke again
