

We Will Stop You

ZSK

You don't like us and we don't like you, too
you can't let progress, we say only for a few
this one goes out to the people trying to keep us down
we don't believe a word you say let's scream and shout
we are not afraid. We don't obey. Your modern slavery
We will stop you, cause we are everywhere

We will stop you - fists in the air
A call for justice, a sign you can't ignore
you better watch out, we won't take it anymore
we don't agree with everything you are standing for
and we oppose hypocrisy and your control
we are not afraid. We don't obey. Your modern slavery
We still got a lot to say
We still got a lot to say
