```
(Intro)
Oh, mother let me be heavy rain
(Verse)
I wanna have everything
I wanna throw flow and flake
And you could be my subject
Can I be the one at your back?
Can I be the one that spins you?
Or am I on the wrong track to see you lifted high
(Chorus)
Cause all I want is to be the heavy rain
Oh, mother let me be heavy rain
You must have been the heavy rain
Oh, mother let me be heavy rain
You must have been the heavy rain
Oh, mother let me be heavy rain
You must have been the heavy rain
Oh, mother let me be heavy rain
(Verse)
Come with me, I'll slow it all
We can watch wings beat and float
I'll stretch the time together
Is it me that pushes you on?
A bigger ? to be with you?
Or am I not all strong for bringing all this aim(?)
(Chorus)
Cause all I want is to be the heavy rain
Oh, mother let me be heavy rain
You must have been the heavy rain
Oh, mother let me be heavy rain
You must have been the heavy rain
Oh, mother let me be heavy rain
You must have been the heavy rain
```

Oh, mother let me be heavy rain
