

I see the lucky star
I see the light
I do not want to
be crucified
what kind of therapy
do I have to have?
I need some oxygen
I need a breath!

Finally I can do a little rebellion
Finally I can tell you my own opinion
now I realized
I will be a feist
I'm an Engineer who'll make a plan!

I had an illusion
it was a fake
how can I get away
from this mistake?
What kind of therapy
do I have to have?
I need some oxygen
I need a breath!

Finally I can do a little rebellion
Finally I can tell you my own opinion
now I realized
I will be a feist
I'm an Engineer who'll make a plan!

I see the little spot
somewhere on the sun
Everything will continue
in everything where it has begun ...
begun ...

Finally I can do a little rebellion
Finally I can tell you my own opinion
now I realized
I will be a feist
I'm an Engineer who'll make a plan!

Finally I can do a little rebellion
Finally I can tell you my own opinion
now I realized
I will be a feist
I'm an Engineer who'll make a plan!
